

In order to ensure you are specifying and/or purchasing a properly sized grease interceptor to be installed within Clinton Utilities Board's (CUB's) Wastewater Collection System, please complete the following form and return it to:

ATTN: Joe Brock via email: jbrock@clintonub.com
 via fax: 865-220-6249

via mail: P.O. Box 296
 Clinton, TN 37717

Information shall be accurate in order to be approved by CUB and to help prevent the food service establishment from having to re-purchase, re-install and/or add additional grease control equipment in the future.

GREASE INTERCEPTOR SIZING FORMULA SHEET	
Based on EPA-2 Model	
Type of Fixture	How many of each type of Fixture will be upstream and flow into the proposed Grease Interceptor?
China Hand Sink or other Type Hand Sink	
Restaurant Kitchen Prep Sink	
Single Compartment Sink	
Double Compartment Sink	
Two, single compartment sinks	
Two, double compartment inks	
Triple Sink	
Trash Can Washing Station / Mop Sink	
Floor Drains	
Dishwasher – residential size	
Dishwasher – 30 gallon	
Dishwasher – 50 gallon	
Dishwasher – 51 to 100 gallon	
Garbage Disposal	
Other: _____	
Total # of Fixtures	

Please list the fixtures/floor drains that **will not** be plumbed through this interceptor (i.e. two toilets, two bathroom sinks, and 2 floor drains, etc.). This information is needed to verify/confirm all the fixtures that need to flow to the interceptor.
